> POSITION:
HEALTH AND SAFETY COORDINATOR

We are looking to recruit an experienced Health and Safety Coordinator reporting directly to the Health and Safety Manager, and be responsible for developing and implementing Environmental and Health and Safety procedures and policies throughout the business and ensuring compliance with current Legislation and Company goals. You will be responsible for developing and Implement ISO 14001 Standard.

Previous experience within a similar role is required, as well as formal Qualification in Environment, Health and Safety (IOSH, NEBOSH).

The candidate will need to be ISO 14001 trained and have experience in implementing the ISO14001 Standard.
