

# SAFETY DATA SHEET

## SYR MIST CHERRY

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

Product name                      SYR Mist Cherry

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

Identified uses                      Professional Use Only

#### 1.3. Details of the supplier of the safety data sheet

Supplier                              Scot Young Research Ltd  
 Lye By Pass  
 Lye  
 Stourbridge  
 West Midlands  
 DY9 8HG  
 (T) 01384 892021  
 sales@syrcclean.com

#### 1.4. Emergency telephone number

Emergency telephone              01384 892021 (Mon – Thur 9.00am – 17.00pm, Fri 9.00am – 15.30pm)

### SECTION 2: Hazards identification

Physical hazards                      Aerosol 1 - H222, H229

Health hazards                        Eye Irrit. 2 - H319

Environmental hazards              Not Classified

Classification (67/548/EEC or 1999/45/EC)      F+;R12.

Human health                              Gas or vapour is harmful on prolonged exposure or in high concentrations. In high concentrations, vapours and aerosol mists have a narcotic effect and may cause headache, fatigue, dizziness and nausea. Deliberately concentrating and inhaling the contents of this container is dangerous and can be fatal.

Environmental                              The product is not expected to be hazardous to the environment.

Physicochemical                        Aerosol containers can explode when heated, due to excessive pressure build-up. The product is extremely flammable. When sprayed on a naked flame or any incandescent material the aerosol vapours can be ignited.

#### 2.2. Label elements

Pictogram

#### 2.1. Classification of the substance or mixture Classification (EC/1272/2008)

Signal word                                Danger

Hazard statements                      H222 Extremely flammable aerosol.  
 H229 Pressurised container: may burst if heated  
 H319 Causes serious eye irritation.  
 EUH208 Contains (L) Alpha-Isomethyl Ionone. May produce an allergic reaction.

## SYR MIST CHERRY

### 4.1. Description of first aid measures

|                     |  |
|---------------------|--|
| General information | Move affected person to fresh air at once.   |
| Inhalation          | If spray/mist has been inhaled, proceed as follows. Move affected person to fresh air and keep warm and at rest in a position comfortable for breathing. If breathing stops, provide artificial respiration. Keep affected person warm and at rest. Get medical attention immediately. |
| Ingestion           | Rinse mouth thoroughly with water. Do not induce vomiting. Get medical attention.  |
| Skin contact        | Remove contaminated clothing immediately and wash skin with soap and water.  |
| Eye contact         | Rinse immediately with plenty of water. Remove any contact lenses and open eyelids wide apart. Continue to rinse for at least 15 minutes and get medical attention.  |

### 4.2. Most important symptoms and effects, both acute and delayed

|                     |   |
|---------------------|---|
| General information | The severity of the symptoms described will vary dependent on the concentration and the length of exposure. |
|---------------------|---|

### 4.3. Indication of any immediate medical attention and special treatment needed

|                      |                        |
|----------------------|------------------------|
| Notes for the doctor | Treat symptomatically. |
|----------------------|------------------------|

## SECTION 5: Firefighting measures

### 5.1. Extinguishing media

|                              |  |
|------------------------------|--|
| Suitable extinguishing media | Extinguish with foam, carbon dioxide, dry powder or water fog. |
|------------------------------|--|

### 5.2. Special hazards arising from the substance or mixture

|                  |  |
|------------------|--|
| Specific hazards | Extremely flammable. Forms explosive mixtures with air. Vapours are heavier than air and may spread near ground and travel a considerable distance to a source of ignition and flash back. Containers can burst violently or explode when heated, due to excessive pressure buildup. |
|------------------|--|

### 5.3. Advice for firefighters

|  |  |
|--|--|
| Protective actions during firefighting | Cool containers exposed to heat with water spray and remove them from the fire area if it can be done without risk. Use water to keep fire exposed containers cool and disperse vapours. Warn firefighters that aerosols are involved. |
|--|--|

## SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

|                      |  |
|----------------------|--|
| Personal precautions | Provide adequate ventilation. Use suitable respiratory protection if ventilation is inadequate. Avoid inhalation of vapours. |
|----------------------|--|

### 6.2. Environmental precautions

|                           |   |
|---------------------------|---|
| Environmental precautions | Avoid the spillage or runoff entering drains, sewers or watercourses. Contain spillage with sand, earth or other suitable non-combustible material. |
|---------------------------|---|

### 6.3. Methods and material for containment and cleaning up

|                         |  |
|-------------------------|--|
| Methods for cleaning up | Eliminate all sources of ignition. No smoking, sparks, flames or other sources of ignition near spillage. Provide adequate ventilation. Absorb spillage with non-combustible, absorbent material. Leave small quantities to evaporate, if safe to do so. Do not allow material to enter confined spaces, due to the risk of explosion. |
|-------------------------|--|

### 6.4. Reference to other sections

|                             |   |
|-----------------------------|---|
| Reference to other sections | For personal protection, see Section 8. For waste disposal, see Section 13. |
|-----------------------------|---|

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

|                   |  |
|-------------------|--|
| Usage precautions | Read and follow manufacturer's recommendations. Keep away from heat, sparks and open flame. Eliminate all sources of ignition. Do not spray on a naked flame or any incandescent material. |
|-------------------|--|

## SYR MIST CHERRY

### 7.2. Conditions for safe storage, including any incompatibilities

Storage precautions                   Extremely flammable. Keep away from heat, sparks and open flame. Store at moderate temperatures in dry, well ventilated area. Pressurized container: protect from sunlight and do not expose to temperatures exceeding 50°C. Do not pierce or burn, even after use.

### 7.3. Specific end use(s)

Specific end use(s)                   The identified uses for this product are detailed in Section 1.2.

## SECTION 8: Exposure Controls/personal protection

### 8.1. Control parameters Occupational exposure limits

PETROLEUM GASES, LIQUEFIED; PETROLEUM GAS

Long-term exposure limit (8-hour TWA): WEL 1000 ppm 1750 mg/m<sup>3</sup>

Short-term exposure limit (15-minute): WEL 1250 ppm 2180 mg/m<sup>3</sup>

PROPAN-2-OL

Long-term exposure limit (8-hour TWA): WEL 400 ppm 999 mg/m<sup>3</sup>

Short-term exposure limit (15-minute): WEL 500 ppm 1250 mg/m<sup>3</sup>

WEL = Workplace Exposure Limit

Ingredient comments               WEL = Workplace Exposure Limits

#### PROPAN-2-OL (CAS: 67-63-0)

DNEL                                   Industry - Dermal; Long term systemic effects: 888 mg/kg/day  
 Industry - Inhalation; Long term systemic effects: 500 mg/m<sup>3</sup>  
 Consumer - Dermal; Long term systemic effects: 319 mg/kg/day  
 Consumer - Dermal; Long term systemic effects: 26 mg/kg/day  
 Consumer - Inhalation; Long term systemic effects: 89 mg/m<sup>3</sup>

PNEC                                   - Fresh water; 140.9 mg/l  
 - Marine water; 140.9 mg/l  
 - Intermittent release; 140.9 mg/l  
 - Sediment (Freshwater); 552 mg/kg  
 - Sediment (Marinewater); 552 mg/kg  
 - STP; 2251 mg/l  
 - Soil; 28 mg/kg

### 8.2. Exposure controls

|                                  |  |
|----------------------------------|--|
| Appropriate engineering controls | Provide adequate ventilation. Avoid inhalation of vapours and spray/mists. Observe any occupational exposure limits for the product or ingredients.  |
| Personal protection              | When using do not smoke.   |
| Eye/face protection              | Eyewear complying with an approved standard should be worn if a risk assessment indicates eye contact is possible. The following protection should be worn: Chemical splash goggles.   |
| Hand protection                  | Due to the packaging form, aerosol, risk of skin contact is small. Chemical-resistant, impervious gloves complying with an approved standard should be worn if a risk assessment indicates skin contact is possible. The most suitable glove should be chosen in consultation with the glove supplier/manufacturer, who can provide information about the breakthrough time of the glove material. |
| Hygiene measures                 | Wash hands after handling. Wash promptly if skin becomes contaminated. Wash hands at the end of each work shift and before eating, smoking and using the toilet. Use appropriate skin cream to prevent drying of skin.   |
| Respiratory protection           | If ventilation is inadequate, suitable respiratory protection must be worn.  |

## SECTION 9: Physical and Chemical Properties

## SYR MIST CHERRY

### 9.1. Information on basic physical and chemical properties

|  |  |
|--|--|
| Appearance                                   | Aerosol.   |
| Colour                                       | Clear.   |
| Odour  | Characteristic.  |
| Initial boiling point and range              | -40 to -2°C @ 1013 hPa                                   |
| Flash point                                  | <-40°C   |
| Upper/lower flammability or explosive limits | Lower : 1.8% - Upper 9.5%                                |
| Vapour pressure                              | ca. 590 to 1760 kPa @ 45°C                               |
| Vapour density                               | ca. 1.5 at 15°C  |
| Partition coefficient                        | log Pow: ca. 2.3 to 2.8                                  |
| Auto-ignition temperature                    | 410-580°C  |
| Comments                                     | Information given is applicable to the major ingredient. |

### 9.2. Other information

|                           |   |
|---------------------------|---|
| Other information         | Not available.  |
| Volatile organic compound | This product contains a maximum VOC content of 590 g/l. |

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

Reactivity Stable at normal ambient temperatures and when used as recommended.

### 10.2. Chemical stability

Stability Avoid the following conditions: Heat, sparks, flames.

### 10.3. Possibility of hazardous reactions

Possibility of hazardous reactions Does not decompose when used and stored as recommended.

### 10.4. Conditions to avoid

Conditions to avoid Avoid heat, flames and other sources of ignition. Avoid exposing aerosol containers to high temperatures or direct sunlight.

### 10.5. Incompatible materials

Materials to avoid Keep away from oxidising materials, heat and flames.

### 10.6. Hazardous decomposition products

Hazardous decomposition products Does not decompose when used and stored as recommended. Thermal decomposition or products combustion products may include the following substances: Toxic and corrosive gases or vapours.

## SECTION 11: Toxicological information

ATE inhalation (dusts/mists mg/l) 65.6

## SYR MIST CHERRY

|                                  |  |
|----------------------------------|--|
| General information              | Deliberately concentrating and inhaling the contents of this container is dangerous and can be fatal.  |
| Inhalation                       | In high concentrations, vapours and aerosol mists have a narcotic effect and may cause headache, fatigue, dizziness and nausea. Unconsciousness, possibly death.               |
| Skin contact                     | Skin irritation should not occur when used as recommended. Repeated exposure may cause skin dryness or cracking.   |
| Eye contact                      | Vapour or spray in the eyes may cause irritation and smarting.   |
| Acute and chronic health hazards | Arrhythmia (deviation from normal heart beat). In high concentrations, vapours and aerosol mists have a narcotic effect and may cause headache, fatigue, dizziness and nausea. |
| Route of entry                   | Inhalation   |
| Target organs                    | Central nervous system Respiratory system, lungs   |
| Medical symptoms                 | Arrhythmia (deviation from normal heart beat). Narcotic effect. Vapours may cause drowsiness and dizziness.  |

### 11.1. Information on toxicological effects Acute toxicity - inhalation

## SECTION 12: Ecological Information

Ecotoxicity No negative effects on the aquatic environment are known. The product is not expected to be toxic to aquatic organisms.

### 12.1. Toxicity

Toxicity Not available.

### 12.2. Persistence and degradability

Persistence and degradability Not available.

### 12.3. Bioaccumulative potential

Bioaccumulative potential Not available.

Partition coefficient log Pow: ca. 2.3 to 2.8

### 12.4. Mobility in soil

Mobility Not known.

### 12.5. Results of PBT and vPvB assessment

Results of PBT and vPvB Not available. assessment

### 12.6. Other adverse effects

Other adverse effects Not available.

## SECTION 13: Disposal considerations

### 13.1. Waste treatment

#### methods

General information Do not puncture or incinerate, even when empty.

Disposal methods Dispose of waste to licensed waste disposal site in accordance with the requirements of the local Waste Disposal Authority. Containers should be thoroughly emptied before disposal because of the risk of an explosion. Empty containers must not be punctured or incinerated because of the risk of an explosion.

## SECTION 14: Transport information

## SYR MIST CHERRY

General This product is packed in accordance with the Limited Quantity Provisions of CDGCPL2, ADR and IMDG. These provisions allow transport of aerosols of less than 1 litre packed in cartons of less than 30kg gross weight to be exempt from control providing that they are labelled in accordance with the requirements of these regulations to show that they are being transported as Limited Quantities. Aerosols not so packed and labelled must show the following.

### 14.1. UN number

|                  |      |
|------------------|------|
| UN No. (ADR/RID) | 1950 |
| UN No. (IMDG)    | 1950 |
| UN No. (ICAO)    | 1950 |
| UN No. (ADN)     | 1950 |

### 14.2. UN proper shipping name

|                                |          |
|--------------------------------|----------|
| Proper shipping name (ADR/RID) | AEROSOLS |
|--------------------------------|----------|

Proper shipping name (IMDG) AEROSOLS

Proper shipping name (ICAO) AEROSOLS

Proper shipping name (ADN) AEROSOLS

### 14.3. Transport hazard class(es)

|               |     |
|---------------|-----|
| ADR/RID class | 2.1 |
|---------------|-----|

|                             |    |
|-----------------------------|----|
| ADR/RID classification code | 5F |
|-----------------------------|----|

|               |     |
|---------------|-----|
| ADR/RID label | 2.1 |
|---------------|-----|

|            |     |
|------------|-----|
| IMDG class | 2.1 |
|------------|-----|

|                     |     |
|---------------------|-----|
| ICAO class/division | 2.1 |
|---------------------|-----|

|           |     |
|-----------|-----|
| ADN class | 2.1 |
|-----------|-----|

Transport labels

### 14.4. Packing group

|                       |      |
|-----------------------|------|
| ADR/RID packing group | None |
|-----------------------|------|

|                    |      |
|--------------------|------|
| IMDG packing group | None |
|--------------------|------|

|                   |      |
|-------------------|------|
| ADN packing group | None |
|-------------------|------|

|                    |      |
|--------------------|------|
| ICAO packing group | None |
|--------------------|------|

### 14.5. Environmental hazards

Environmentally hazardous substance/marine pollutant  
No.

### 14.6. Special precautions for user

|     |          |
|-----|----------|
| EmS | F-D, S-U |
|-----|----------|

|                        |   |
|------------------------|---|
| ADR transport category | 2 |
|------------------------|---|

|                         |     |
|-------------------------|-----|
| Tunnel restriction code | (D) |
|-------------------------|-----|

### 14.7. Transport in bulk according to Annex II of MARPOL and the IBC Code

Transport in bulk according to applicable. Annex II of MARPOL 73/78 and the IBC Code Not

|                                    |
|------------------------------------|
| SECTION 15: Regulatory information |
|------------------------------------|

## SYR MIST CHERRY

### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

|                      |  |
|----------------------|--|
| National regulations | The Chemicals (Hazard Information and Packaging for Supply) Regulations 2009 (SI 2009 No. 716).  |
| EU legislation       | Commission Regulation (EU) No 453/2010 of 20 May 2010.   |
