> POSITION: PRODUCTION TEAM LEADER

We are looking to recruit an experienced and enthusiastic Team Leader to lead and supervise a team of 15-20 Operational Colleagues. You will be reporting to Assembly Supervisor or/and Warehouse Supervisor and will be responsible for ensuring the provision of an efficient and reliable service to our customers whilst meeting all the legal requirements. As the Team Leader, you will be responsible for ensuring an efficient, constant and smooth Operation within agreed budgetary and service levels. The successful candidate will be expected to develop good working relationships between different areas within the company.

Previous experience within a similar role is required, ideally with a keen grasp of lean manufacturing techniques
